Dear Sir

I have about four hundred old Roman coins that were dug up at a village near Mt. Lebanon, Syria. I am enclosing a small photograph of them. These coins are bronze. I also have a few old Roman gold coins. Could you tell me if the museum would buy them. Please return these photos.

Respectfully

Dear Sir:

Replying to your favour of May 21st,
we might possibly be interested in your
hoard of Roman coins, but naturally can tell
nothing about them as the photograph which
you sent conveys nothing as to what they are
and their condition. If you care to forward
them to us, we should be glad to let you know
then whether or not we should care to purchase
them.

Very truly yours,

Curator
